

# Sebonack Golf Club

Our St. Anthony's Feast on the Beach June 6 to June 9, 2024 will be holding a silent auction for One round of golf at Sebonack Golf Club for four players, lunch & carts (caddie fees are not included).

***All proceeds will go to support our spiritual home of St. Gertrude's***

*Situated on 300 acres in Southampton, NY, and neighboring the historic National Golf Links of America and Shinnecock Hills Golf Course, Sebonack has been carved out of land which seems to have been long-destined to become a golf course.*

*Sebonack features holes that offer panoramic views of Long Island's Great Peconic Bay and Cold Spring Pond. The visual impact of the water vistas competes for the golfer's eye with the rolling fairways, expansive bunkers and waste dunes, and undulating greens that present tricky swales and burrows. Meant to look as if manicured by time, Sebonack appears to have fashioned itself from the wild terrain.*

*Jack Nicklaus and Tom Doak, two designers with dramatically different styles, have used the natural contours and features of the land to create a unique look. The result is that Sebonack looks quite different from its illustrious neighbors and provides a strong golfing challenge for players of all calibers.*

Date will be scheduled at a mutually agreeable time at the discretion of the Club between September 16, 2024 and November 1, 2025. No play would be permitted June 1, 2024 to September 16, 2024 or May 21, 2025 to September 16, 2025. Must be used by November 1, 2025

**Contact Michael Murray or Msgr. Morrissey for additional information**
